OVERVIEW OF ECORSE'S DDA

Created by the Ecorse City Council in 2020, the Downtown Development Authority (DDA) has its roots in the 2019 West Jefferson Corridor Plan.

West Jefferson Avenue is a vital corridor that provides regional connections for land uses varying from a heavy industrial presence upon entry to Ecorse from the north; scattered lower density retail, restaurants, and automotive related uses in its downtown core; beautiful passive Detroit River views in Dingell Park; to waterfront recreation uses at the southern boundary of Ecorse.

The future successful development of the West Jefferson corridor as envisioned in the West Jefferson Corridor Plan, also anticipates joint efforts between Ecorse and River Rouge. By working together, Ecorse and River Rouge can multiply their impact and ensure that the cities are part of significant state and regional economic development efforts.
